MESSAGE FROM YOUR HOA PRESIDENT

I hope everyone has had a wonderful summer!

Valencia del Sol has sold more than 72% of the 558 homes; and we have welcomed more than 250 residents to the community! We are welcoming approximately ten new homeowners to the community each month and continue to start two homes per week. As we continue to close homes and approach the 50% mark, we will bring on a homeowner HOA board member. Once we get closer to that trigger point, we will reach out to the residents to see who would like to run for the position.

I am thrilled to see that since opening the clubhouse in March, the residents are really enjoying all of the amenities! Lori Pickel has done a fantastic job of organizing and running the various events and activities and James Smith has been a major asset to the community as your Property Manager. They make an amazing team and their hard work is truly appreciated.

Thank you for your continued support of our community!

All my best,
Marisa Lufkin
Project Manager and HOA President

NEW HOMEOWNER ORIENTATIONS

New residents are invited to attend an orientation session with the GRS Community Management team. You will learn all the ins and outs to using the amenities, programs, web systems, property questions, and more. Residents are required to be closed on homes and RSVP in advance to CCruz@grsmgt.com.

MESSAGE FROM YOUR PROPERTY MANAGER

It is a great honor to be the property manager at Valencia del Sol. I look forward to assisting the residents with professionalism and urgency when needed. I appreciate the warm welcome I have received in the short time I

have been here. Our team is happy to assist homeowners with questions relating to the Homeowners Association and the Clubhouse. If you are planning projects on the exterior of your home, we can help with the architectural review application to obtain board approval.

If you have any issues or concerns within our community that need to be addressed, kindly bring them to my attention.

James Smith

MEET YOUR **RACQUET SPORTS TEAM**

BYRON FRESO

Growing up in Guyana, Byron Freso has always played sports at the top level – whether volleyball, racquetball, or table tennis. After injuries forced him out of playing competitive racquetball, Byron and his wife Marsha, discovered Pickleball, and became hooked. Byron has won countless medals as a professional player, and is also heavily involved in the sport in other capacities. He is the Team Ambassador for ONIX Pickleball, an IPTPA and PPR certified Pickleball instructor, and is also considered to be one of the top referees in the game.

CORNELIUS BRICKHOUSE

Cornelius started playing tennis at the age of 15, and has been a Tennis Pro and instructor for over 25 years. He is currently rated 5.0 in the NTRP rating singles and doubles and rated 9.0 in mixed doubles. His experience includes competitive play, children's programs and tennis camps, adult league practice and cardio tennis. He has organized tournaments throughout his long career.

Both men have great passion for their sports and the enthusiasm to help others be the best they can be on the courts.

MESSAGE FROM **BRYON FRESO**

We are currently working on bringing the Chelsea Reservation System online for our residents. The system should be ready on October 1. This system will allow residents to reserve the courts and reservations will be based on a lottery system. Chelsea is designed to set up play times in a fair and consistent manner. Each member will be responsible for entering their own requests.

A schedule of all the clinics is published in this newsletter. If you are interested in taking lessons, please put your information on the signup sheet at the clubhouse office window. In addition, on October 23, there will be a one-day round-robin with two flights. One flight for beginners and the other for more advanced players.

Please feel free to contact me if you have any questions, and I am always open to suggestions.

PICKLEBALL • Control Over Power

Pickleball is more about control over your shot than overall power. Reduce the length of your backswing and focus more on the length of your finish to control your shot and keep the ball down below your opponent's waist. The key is to make contact in front of your body rather than beside it.

TENNIS • Footwork

Footwork is very important. One of the biggest misconceptions that every player seems to have is they can play tennis without moving their feet. Learning the correct footwork will automatically help fix a lot of mistakes. Make sure you give yourself enough time and space to prepare for your shot so you do not run through the ball.

BOCCE • Improve Your Grip

When learning how to throw a bocce ball, you need to first improve your grip. Grip the ball with just your thumb and forefinger and cradle the rest of it in your palm. This grip will give you some control over the ball without forcefully clutching it. Then use the strength of your index finger and your thumb to make the actual throw.
